Sir

I have the honr to enclose a statement shewing the probable requirements for the maintenance of the Cholera and Small-Pox Camps in the Town of Bangalore upto the 31st March 1877, and which after deducting the sum of Rupees 110/ sanctioned by the Chief Commissioner in his Proceedings No. 1884/120 of 1st June 76 to be met from the Budget allotment under item XIII Reserve & Extraordinary leaves the sum of Rupees 685/. to be provided for. The balance of

~~Rs~~ 480—11—6

~~Vot~~ 480—11—6 of the Budget allotment, under the item above referred to is required to meet the extra charge on accounts of famine batta to the Municipal Employés on receipt of ~~Oct~~ 15th and below, and the enclosed is a statement showing the particulars of expenditure debited to that head* from the Commencement of the Current official year.

* XIII - Reserve Extraordinary

From the reports furnished to the Secretary to the Chief Commissioner it will be seen that Cholera and Small-pox within the limits of the Town Municipal Commission are steadily on the increase, and until the reports are more favorable it will be necessary to maintain the Sanitary arrangements now carried on by the Municipality -

As the Current official year has now nearly elapsed and the funds allotted under the several items have

been

been almost expended, and as owing to the distress prevailing during a large portion of the current official year a large amount of remissions may be anticipated under head of House Assessment, Tax on Rooms and Candayan on Lands &c. I am unable to meet the requirements for the Cholera and Small-Pox Camps by a re-appropriation from any other Budgeted Items and I therefore request you will be so good as to obtain the Chief Commissioner's sanction to the sum of ~~Rs~~ 685/- six hundred and eighty five, the amount now required being allotted as a Government Grant-in-aid towards the above charges.

Sir,

I have the honour to submit a statement shewing the expenditure for Cholera and small Pox Camps and Dispensaries in the Cantonment during the Months of April 1877, amounting to Rupees/1344-11-3/ One thousand three hundred and forty four, Annas Eleven, and pie three, and to request that, as the majority of the cases now receiving medical treatment in these Hospitals are Emigrants from the famine stricken populated of the surrounding Villages and Districts, you will be so good as to obtain the Chief Commissioner's sanction for the reimbursement from the Relief Fund of the Charges now disbursed from Municipal Funds.

The number of admission into these Camps are Considerably on the increase while the disease is scarcely prevalent within Municipal Limits, the major portion of the admissions are from the Bimmanmgalum & Cantonment where there is a large relief Encampment, other strangers who are infected with the disease are found also on the public roads and thoroughfares of the

and removed by the Police to these Hospitals it will be thus observed that the large majority of patients treated, and on whose account this expenditure has been incurred are non-residents of the Cantonment. I therefore trust you will be pleased to obtain the Chief Commissioners sanction for an allotment of Rupees 3000; three thousand from the Relief Grant to meet the heavy Charges now being disbursed on this account from Municipal Funds. I also beg to point out that the income of the Cantonment Municipal Commission has been fully appropriated, and the Charges now under reference are unavoidably disbursed from Municipal Funds to the prejudice of other more legitimate works that could otherwise be carried out by the Municipality.

Sir,

I have the honor to ack the receipt of your letter No: 697 m148 of 9th inst sanctioning a grant in-aid of Rs 1,500, from the Relief grant towards the Charges Connected with the of Cholera and Small Pox Camps in Cantonment of Bangalore, and in reply to submit for the favorable Consideration of the Chief Commissioner, a statement shewing the number of admissions and deaths in these Hospitals since their establishment viz: 19th January 1877, this statement also exhibits the number admitted and discharged from among the residents of the Cantonment and those also from the non-residents of the station

from

from which it will be seen that the proportionate number of Residents to Non-Residents is as 1 to 5 and 1 fifth, A large number of these were received from Binnamungalum Chuttrum which has been largely resorted to from the neighbouring distressed Districts since the opening of the Chuttrum as a Relief Kitchen, the particular districts to which these classes belong have been inserted in the Returns furnished to the Chief Commissioners Office, and beg to point out that had it not been for the necessity of providing medical treatment and accomodation to these classes, these Hospitals Could have been abolished long ago.

Under these Circumstances I beg you will do me the favor of resubmitting this matter to the Chief Commissioner for his re-Consideration and obtain his sanction

for the remburesement of a l
portion of the total outlay for the
Maintenance of these Hospitals than
as yet been sanctioned

Please see my note on President's letter No 1602 of 3rd July 1877—

The total cost up to ~~31~~ 30 June is now reported to be Rs 4672.6.8 The Govt contribution already made amts to Rs 2550— which is more than half— I do not think any further contributions ought to be made. The Mun[icipa]l is expected to incur additional expenditure on account of the maintenance of Cholera Camps &c at a season like this— It is the more necessary as the preservation of the health of the residents of Town Nantt depends upon sanitary & other measures taken to prevent attacks who come affected with contagious diseases from mixing themselves with the residents. If the Chief Commissioner is disposed to make a further contribution I think the amount may be limited to 1000 Rs the rest out of the Famine Grant— The 18" Lac (last) Famine Grant is almost expended 25/7

under all the circumstances I think a further sum of 1000 may be made from the general balance in hand 29/7/77.
